When a woman is diagnosed with breast cancer, she needs more than medical help. Many women are single moms, unable to work during treatment and must choose between their own care and providing for their families.

Since 2001, Pink Aid CT has granted out more than 4.5 million dollars to 27 local hospitals, non-profits, and even small grassroots organizations that meet our mission of providing compassion until there's a cure.

Pink Aid's Annual Luncheon & Fashion Show at Mitchells of Westport has become one of fall's most anticipated events. Our sold-out event attracts more than 600 passionate supporters and local businesses from throughout Fairfield County. The heart and soul of the event is always the moving and exhilarating Survivor Fashion Show – featuring women living with and living beyond the diagnosis of breast cancer. Walking with friends and family members, these women are truly the heart of Pink Aid.

Your participation would be featured in our social media campaigns across all platforms — Instagram, Facebook, & LinkedIn. The online Silent Auction will be viewed thousands of times, and your name and donation will be included in our professionally published Event Program.

Your donation, no matter how big or how small, truly makes a difference for these women and their families.
