

Dear Business Owner,

Pink Aid is a 501(c)3 charity that raises money on Long Island to assist women in need that are diagnosed with breast cancer. We fund local organizations that provide screenings, compassionate services and assistance with expenses to uninsured and under-insured women. The needs range from providing free mammograms and MRI's to funding transportation to and from treatment, grocery delivery, wigs and psychological therapy.

We are currently planning our 5th annual Pink Aid Luncheon and Fashion Show that will take place at Mitchells in Huntington on October 17th, 2018. At last year's event, we had a sold-out crowd of over 350 local women and were able to grant \$375,000 to eighteen Long Island organizations.

Our event provides multiple opportunities for exposure for your business. Please consider donating an item for our Silent Auction or Gift Bag, placing an ad in our Program Journal, or taking a Sponsorship.

A donation from your organization will be greatly appreciated and allow Pink Aid to continue helping women in need across Long Island face breast cancer with hope and dignity.

All donations are tax deductible to the extent allowed by law. Thank you in advance for your support.

Sincerely,  
PINK AID Long Island
