For the third year, Pink Aid Long Island surpassed all expectations with a record-breaking fundraising afternoon. The Third Annual Luncheon and Fashion Show, hosted at Mitchells of Huntington last October 19th, brought together an outpouring of support, raising over $350,000 to assist local uninsured and underinsured women battling breast cancer.

Co-chaired by Mary Emlock and Roseanne Cavallaro, both tremendous advocates of Pink Aid, the entire day was magical. The spectacular Designer Auction showcased top interior designers’ custom creations for the theme “Bar Carts and Boudoirs,” with the help of Media Sponsor New York Cottage and Gardens. The online silent auction also included concert tickets, jewelry, designer handbags and incredible travel packages from Valerie Wilson Travel. One lucky winner went home with the coveted “Designer Shoe of the Month for a Year” package, courtesy of Mitchells Huntington!

at 41, with a recurrence 5 years later, and 15 surgeries during her battle, her message of personal vigilance and optimism resonated loudly with the many survivors in attendance. The annual “Celebration of Life/Survivor” Fashion Show brought the house to its feet! Twelve inspiring and beautiful breast cancer survivors modeled Mitchells fashions and strutted down the runway, accompanied by loved ones who had provided special support through their journey. Guests also enjoyed a runway show of Spring 2017 looks from Escada, an exquisite lunch by Marcia Selden Caterers of Connecticut, and wonderful gift bags full of goodies, thanks to Gift Bag Sponsor Daniel Gale Sotheby’s International Realty.

The inspiring celebration gave way to record breaking funds, enabling Pink Aid to expand its reach to new areas of Long Island, helping countless more women receive “Compassion Until There’s A Cure.”

Coalition for Women’s Cancers at Southampton Hospital
This coalition has been making a difference in the lives of many East End women for more than 20 years. Their mission is to create and sustain a supportive network in the community for women affected by breast cancer. With Pink Aid funds, the CWC will continue offering financial support, strength and hope to women in the Towns of East Hampton, Southampton, Shelter Island and the Shinnecock Indian Reservation.

Huntington Hospital’s Dolan Family Health Center
This freestanding primary care center provides comprehensive care, including adult medicine, obstetrics/gynecology and pediatric services to the medically underserved residents of Northwest Suffolk County. Islip Breast Cancer Coalition
Women in need battling breast cancer often find that getting to and from treatment can be an enormous financial burden. Pink Aid’s grant to the Islip Breast Cancer Coalition will help women in their local area get to and from medical appointments such as chemotherapy and radiation therapy and provide financial assistance for household utilities, food cards, and personal needs such as wigs, lymphedema sleeves and prostheses.

Lucia’s Angels
Lucia’s Angels was created in loving memory of a breast cancer patient whose dying wish was to help other women and their families the kind of love and support she had during her toughest time. Lucia’s Angels provides assistance to women and families going through the final stages of breast cancer. Pink Aid funds will be used to give stage 4 breast cancer patients peace of mind knowing that they can receive assistance for non-medical costs to ease their financial burdens.

Maurer Foundation for Breast Health Education
Founded by breast surgeon Dr. Virginia Maurer in 1995, the Maurer Foundation is a grass roots organization focused on breast health education, early detection and risk reduction. Utilizing the “Mammacare” program, Maurer Foundation Educators teach proper self exam methods. This 2017 grant marks the third year of Pink Aid’s partnership in the Foundation’s Bilingual Outreach Program, promoting breast health awareness to uninsured and lower socioeconomic across Long Island.
**Pink Aid’s Mother’s Day Appeal**

For Mother’s Day, it’s always nice to give a special gift or send flowers.

This year, why not make someone special feel really great with a meaningful gift that can make a real difference in the lives of others. The gift of a free mammogram that can save a life. A gift card that can feed a family while mom is in treatment. Or perhaps, you would like to help pay a breast cancer patient’s rent for a month and help keep their family afloat.

A great deal of the women Pink Aid supports are mothers. We can’t think of a more appropriate way to celebrate all mothers this Mother’s Day!

**North Shore Neighbors**

A grass-roots organization run by one devoted volunteer, North Shore Neighbors strives to alleviate the financial stress of local neighbors in need battling breast cancer, allowing them to focus on making their strongest possible recovery. Get to Know Carla Sullivan, Pink Aid's First Director of Programs & Operations

With seven years and two chapters, the business of running Pink Aid has grown to require more than the dedicated service of hard-working volunteers.

So, it is with great excitement that we introduce our new Director of Programs & Operations, Carla Sullivan. Carla started in February and is already well into proving herself an invaluable asset. With twenty years of professional and volunteer experience in the non-profit world, Carla is passionate about helping organizations advance their missions.

Most recently, Carla was the Director of the Fairfield Awards Dinner, Fairfield University's signature fundraising event for student scholarships held annually in New York City. Carla also ran a nonprofit consulting practice, partnering with board and staff leadership to improve organizational systems and support board development, training and governance, resource development, constituent cultivation, recognition, and donor database analysis.

Carla supports causes dedicated to improving the lives of the underserved with a focus on women and children, so Pink Aid is a perfect fit. Working part time alongside Carla, Susan Robinson will continue as Business Manager on Pink Purse and Pink Aid's financial systems. We feel fortunate to have found Carla and look forward to a new era of growth under her tenure!
